

EXPLANATION

WARNING: Lava flow inundation analysis only valid for lava flows once they have exited the rift zone buffer area

- Rift zone buffer area
- Hawaiian Ocean View Estates inundation zone
- Kapu'a inundation zone
- Miloli'i inundation zone
- Inundation zones (shown on other map sheets)
- Forest
- Community/infrastructure
- Highway
- Fissure vent

Base from U.S. Geological Survey 1:100,000 Hawaii County topographic maps compiled from U.S. Geological Survey 1:24,000 quadrangle maps dated 1956-60. Universal Transverse Mercator projection, North American Datum 1983. Planimetry revised from aerial photographs taken in 1974 and other source data. Revised information not field checked. There may be private inholdings within the boundaries of the National or State Reservations shown on the map.

SCALE 1:45 000

1 0 1 2 3 4 MILES

1 0 1 2 3 4 5 KILOMETERS

CONTOUR INTERVAL 100 FEET
NATIONAL GEODETIC VERTICAL DATUM OF 1929

MAP LOCATION

Approximate Mean Declination 2017

Mapped by F.A. Trusdell and M.H. Zoeller
Digital database by F.A. Trusdell and M.H. Zoeller
Edited and cartographic production by M.E. Edman
Manuscript approved for publication September 20, 2017

Hawaiian Ocean View Estates, Kapu'a, and Miloli'i Inundation Zones

By
Frank A. Trusdell and Michael H. Zoeller
2017
